

IMPORTANT NOTICE

Dear Customer,

The City of Fairbury now allows paperless billing. This means that you can now receive your monthly statement via email rather than in the mail. This is a completely optional service that the City will offer their customers. In order to be enrolled, customers will need to stop by the City Offices at 612 D St to sign an authorization form. As an incentive, the City will apply a **\$5 credit** to customer's utility accounts for those who sign up for paperless billing prior to July 1, 2022.

Per Ordinance No. 3107 that was passed by the Fairbury City Council on April 19, 2022, a 5% late fee will now be assessed on all delinquent utility payments. This late fee will begin with the June 2022 bill. As a reminder, utility payments are due on the 21st of each month.

Please contact the Fairbury City Office at 402-729-2148 with any questions.
